

EverTextures vol. 1

EverTextures vol. 1 delivers 254 wooden boards combined in 23 sets of textures. Each set contains textures to make it into a PBR material. This product was made using photography and represents every small detail and reproduces the natural features of wood. With the help of this product you will improve the quality of your work. These textures are great to use in projects where you need natural, realistic wood in high quality. The sets are available in 4k and 8k resolution with maps Base Color, Normal, Roughness. All you need to do is put the maps in correct slots of your material editor and you are ready to go.
