

# archexteriors

2024

**Archexteriors vol. 44** brings you ready to render scene of a developer concept for an suburban housing estate. The scene includes more than 100 models selected according to contemporary style, reflecting modern trends in materials and forms of multifamily architecture. If you do not need the whole scene we have prepared a pack of models. You can use the scene as a great starting point for creating your own architectural visualisations or just take the models and begin to work on your project from scratch. You can find assets of various types as: road markings, cars, road props, greenery, garden architecture, building props, roads. The scene is prepared in Vray and Corona and requires Forest Pack. The models pack is prepared for Vray, Corona, Blender, OBJ and FBX. All models are made with PBR material system\* and are fully textured.
