

# Archmodels vol. 267

**Archmodels vol. 267** is an unique collection of modular buildings. It allows you to quickly create entire city districts tailored to your needs. You can make an infinite number of height and shape variants - all textured with detailed elevations and external elements such as air conditioning, fire stairs, etc. You need RailClone for 3ds Max to use this collection to its full potential. The plugin needs to be purchased separately.
