textures4ever 2007 vol.3

Have you ever lost your race with time doing visualizations? Have you ever ruined your render, because of bad textures? If you are an architect, and if you need to work fast but with the highest precision, this is the thing for you. If you are an cg artist, and if you want to make your renders better than

ever, you have to get this collection. Textures4ever volume 3 gives you more than 320 professional, highly detailed textures of bricks, concrete and dirt with 65 high resolution reference photos. Why waste costly time for making something that you can have from the best at Evermotion?
